Annual index to contents

Volume 159, Jan. 1 to June 15, 1984

The first figure is the issue number, which can be found on page 3. The second is the page number.

Production and propagation

Agora Gardens success is planned 7:93
Common errors in creating drainage 7:57
Eco-Village production methods 5:94
Energy-saving glazings 1:90
Fertilizing cuttings that have rooted 4:57
Grafting vs. rooting spruce cultivars 10:41
How to produce millions of shoot tips . . . 10:55
Innovations in greenhouse growing 1:95
Inserts on container walls reduce root spiraling 4:61
"Is that all you do, just take care of the nursery?" 11:61
Medium admendment plus watering system may improve rooting 10:51
Micropropagation: Can nurserymen afford to ignore it? 8:89
Overproduction and underpricing threaten the nursery industry 5:75
Potting machine is not always best 3:85
Propagating pecan rootstock by tissue culture 11:79
Rooting with liquid IBA and auxin-talc mix . 11:99
Sludge and straw in container media 1:73
Solar greenhouses and computer efficiency 1:101
Sulfur sources differ in pH effects 5:39

Landscaping

Amending planting holes with organics . . 6:113
Auxin treatments increase transplant survival 10:31
Caterpillar proves the value of prairie landscaping 6:69
Chapel Valley success with large landscapes 6:102
Children's zoo for animals, plants and people 8:83
Church sees stress as primary foe 2:52
Common errors in creating drainage 7:57
Consider maintenance in landscape design 6:164
Controlled use of color adds visual impact . 6:126
Do water-holding compounds help in transplanting? 3:93
Energy-efficient site design for temperate zones 6:143
Enersen's garden design is an urban oasis 12:63
Gustin installs a park in a building 6:76
How to design on a budget 6:139
Image means maintenance business 10:63
Improved exotics offer new possibilities . . 6:159
Ireland's nursery traces its success 6:118
Japanese gardens use honored concepts . . 6:131
Landscapes that bring nature home 6:97
National Landscape Association awards . . 11:84
One man's vision improved one city's environment 6:149
Place trees properly for a cooler house . . 6:155
Railroad yard to Dearborn Park 6:50
Residential landscape design
Decks 10:45
Fencing 5:49
Patios 7:29
Side yards 3:107
Vertical space 11:47
Schlick Landscaping creates a vision 6:62
Sell designs with bedding plants 6:83
Sixty years as a landscape nurseryman . . . 8:29
Specific contracts guard maintenance companies 6:163
Ten projects capture landscape awards . . . 6:33
What makes a winner in competitions? . . . 6:45
Why use obsolete fertilizer practices? 7:65

Garden centers and retailing

Asset and margin management for retailers . 5:85
Creative programs can help even out sales 1:109
Good displays sell garden center products . 4:83
Good sales depend on high-quality displays . 1:48
How to be successful in a small town 12:51
How to make and market a mail-order catalog 4:64
How we cut costs and kept our profits high . 3:59
How we kept our profit margins high without raising prices 4:47
Identify customers and their motives to expand retail markets 3:75
Modern retailing techniques 7:53
Promotions should be professional 5:69
Signs, displays and traffic patterns are keys to better sales 3:101
Twenty display tips from Notcutts 3:95

Management

Agora Gardens success is planned 7:93
Are employees hired by choice or by chance? 7:101
Asset and margin management for retailers . 5:85
British marketing ideas show possibilities . . 4:71
Depreciation as a source of cash 2:114
Effective signs project a good image 12:81
Facts behind 10 marketing myths 5:101
Four growers on the piecework system . . . 7:61
How to be a successful sales manager . . 11:107
How to collect overdue accounts 1:113
How to get money from a banker 8:79
How we cut costs and kept our profits high . 3:59
How we kept our profit margins high without raising prices 4:47
Import-export procedures and nursery stock shipments 2:109
Interruption insurance substitutes money for time 4:94
Interview questions can violate laws 5:90
Joint ownership presents many pitfalls . . . 7:73
Overproduction and underpricing threaten the nursery industry 5:75
Personnel policies smooth employee relations 1:58
Simple things in managing a business 4:85
Specific contracts guard maintenance companies 6:163
Starting quality circles requires planning . . . 4:89
Successful nursery management
Chemical information center 2:47
Cutting overhead 7:45
Giving speeches 11:32
Inventory turnover 10:25
Marketing options 1 . . . . . 3:51
Marketing options 2 . . . . . 5:29
Solving complaints 1:65

Pest, disease and weed control

Activated charcoal does not prevent Hyvar X damage 7:41
American chestnut mystery 2:93
Chase Nursery attacks weeds 2:67
Church sees stress as primary foe 2:52
Effective control of grasses with herbicides . 2:63
Extracts from rhododendron leaves inhibit root weevil feeding 11:93
Gypsy moth identification 12:90
Herbicides must protect landscape plants while they control weeds 7:81
How to eliminate weeds in ground covers . . 2:71
Import-export procedures and nursery stock shipments 2:109
Natural enemies of gypsy moth 2:87
Pesticides and common exposure hazards 2:105
Protection against phytophthora root rot . . 2:101
Success in coordinating disease control . . . 2:75
Successful nursery management
Chemical information center 2:47
Synthetic odors lure male insects to traps . . 2:81
Trends affecting pesticide industry 12:85
Water quality and plant health 10:67
Why no miracle chemicals 2:37

Plants and recommendations

All-America Rose Selections winner 9:145
All-America Selections winners 9:122
American smoke tree 9:155
Annuals for varying soils and weather 9:62
Asian natives for American landscapes
Aucuba japonica 3:47
Cryptomeria japonica 5:46
Ilex crenata 7:50
Japanese white birch 9:139
Pinus Thunbergiana and Juniperus conferta 11:55
Rhododendron Kaempferi 1:58
Attractive ground cover choices 9:86
Bedding plants take commitment to quality . 3:91
Best annual cultivars 9:69
Cacti and other succulents 9:93
Choice vegetables 12:45
Crape myrtle recommendations 9:45
Drought-tolerant natives 9:105
Dwarf conifers for the landscape 9:33
Edible landscape plants for the snow belt . 12:59
Five Forsythia introductions 9:167
Four types of colorful vines 9:78
Improved exotics offer new possibilities . . 6:159
Native South African species 9:146
Plants for the urban environment 9:127
Plants with dramatic shadow patterns . . . 9:162
Promising woody plants from China 12:39
Sell designs with bedding plants 6:83
Shrubs in the landscape
Conspicuous and colorful blooms 9:54
Drought tolerance 3:40
Plants for soggy sails 5:58
Plants that lend color 11:40
Plants with pleasant scents 7:34
Small Australians for America 9:175
Street trees 9:115
Thirteen flowering crab apples 9:26
Trees that tolerate smog 9:111
Variegated trees and shrubs 9:38
Versatile blue hollies 9:51
